This Local Agency (LA) Memorandum rescinds LA Memo 07-12. The Alaska WIC State Approved Non-Contract Formula List Revision 9/07 included the most frequently requested, exempt infant formulas and medical foods, based on the Enteral Nutrition Prescription Request (ENPR) database. The original purpose in the revised list was to incorporate the new contract formula products Similac Advance, Similac Isomil Advance and Similac Sensitive.

It has been brought to our attention that the **exclusion** of all Enfamil infant formulas, except for Enfamil Gentlease Lipil, from the list, is burdensome during this time of transition from Enfamil to Similac products. Alaska WIC would like to contain the cost of non-contract formulas but recognizes that now may not be the best time to do this. Therefore, Enfamil products will be allowed as a non-contract formula for the next year. After that time (October 2008), Enfamil products will no longer be available as a non-contract formula.

Attached you will find the most recent list of Alaska WIC approved non-contract formulas.

If you have any questions, please contact Fatima S. Hoger at [Fatima.Hoger@alaska.gov](mailto:Fatima.Hoger@alaska.gov) or 907-269-3459.
